MEMORANDUM

TO: Driver License Record – Commercial Accounts

FROM: Jeffrey R. Pairan, Executive Vice President 

DATE: August 1, 2009

SUBJECT: Florida Senate Bill 1778 – Driver License Record Surcharge Assessment

Pursuant to 2009 Florida Senate Bill 1778, which was passed during the 2009 regular session of the Florida Legislature, Section 322.20(11)(a), Florida Statutes has been amended to increase fees assessed by the *Florida Department of Highway Safety and Motor Vehicles* for driver history records effective at 12:01 AM on Tuesday, September 1, 2009. Regrettably, the American Safety Council is compelled to proportionally increase driver history record fees (e.g., ASC’s driver license record fees) only in the exact amount of the increased state assessment for the following driver history record transaction types:

<i>Driver History Record Type</i>	<i>American Safety Council Per-Record Fee Increase</i>
3-Year	\$5.90
7-Year	\$6.90
Complete	\$6.90

The fee increases referenced above will be *added* to fees for Driver History Record Products delineated in all American Safety Council Agreements and Addenda in effect on September 1, 2009. The state-imposed fee increases will be applied concurrently to the standard pricing schedule for commercial accounts at: <http://floridadrivingrecord.com/commercial.aspx> on September 1, 2009.

Documentation concerning the fee increases referenced herein is available for review on Page 43 of Senate Bill 1778 at: <http://www.flsenate.gov/data/session/2009/Senate/bills/billtext/pdf/s1778er.pdf>.
